## 9. COOKIES

### 1. What are cookies

- A. HTTP cookies (also called web cookies, Internet cookies, browser cookies, or simply cookies) are small blocks of data created by a web server while a user is browsing a website and placed on the user's computer or other device by the user's web browser. Cookies are placed on the device used to access a website, and more than one cookie may be placed on a user's device during a session.
- B. Cookies serve useful and sometimes essential functions on the web. They enable web servers to store stateful information (such as items added in the shopping cart in an online store) on the user's device or to track the user's browsing activity (including clicking particular buttons, logging in, or recording which pages were visited in the past). They can also be used to save for subsequent use information that the user previously entered into form fields, such as names, addresses, passwords, and payment card numbers.

### 2. Why cookies are necessary

- A. Cookies are used in order to allow the website to perform in the way the user is expecting to, without the cookie, users would need to authenticate themselves by logging in on each page containing sensitive information that they wish

to access. Blocking some cookies may affect the website performance in an unexpected way.

### **3.How do we use cookies**

- A. Cookies whether they are (Optional, Functional, Performance, or any other type of cookies) are stored and kept in an encrypted way, and will not be sold or shared with any other parties unless under such circumstances. Cookies will be treated as the same way as the private & personal information mentioned in Points (8) and other points regarding the Private & Personal Information.
- B. Personal Information / Cookies collected by our website: (Including but not limited):
- HTTP headers
  - Internet Protocol (IP) address.
  - Web beacons and pixel tags.
  - Browser fingerprint data.
  - Software and hardware configuration data.
  - The date and time the website and services were accessed.
  - Geographical location data.
  - Other types of personal information required for processing in accordance with the website conditions.

C. These types of data will be used for: (Including but not limited):

- For registrations and creating accounts.
- Signing in and signing up.
- Contact details.
- Having statistical numbers and analysis which are necessary to analyze our market and set our studies.
- Collaborate with other trusted parties in social media in order to increase our accuracy in targeting clients.
- Analyzing and improving continuously our provided services, and benefiting from feedback provided by visitors and users.
- Assessing the security risks and other types of risks in order to overcome and solve any related problem within the minimum time frame.
- Detecting technical problems in the website as well as illegal actions, which may take place in our platform or any other connected platforms.
- Maintain administrative records relating to our business.

## **4. Other Use of Cookies**

A. Your personal information are protected. We will not be selling these information for any purpose, or share it with other parties, except under such circumstances mentioned

in the Point 8, including and not limited; legislation, court order or governmental/ legal authorities.

B. Sharing these information will be anonymized and will not be personalized unless there was an urge from other parties to be revealed, these parties include but not limited to:

- Legal agencies, courts and other relevant tribunals or formal authorities.
- Regulatory authorities including tax authorities.
- Professional consultants such as attorneys, accountants, auditors, financial and other professionals.
- Our service providers, including IT hosting & developing companies.
